

QUALITY POLICY

MAXEON SOLAR TECHNOLOGIES, LTD.

At Maxeon Solar Technologies:

- **We hold ourselves to a higher standard**, striving for the highest levels of safety, quality and integrity.
- **We push the boundaries** of solar technology and continually improve.
- **We thrive together** and empower both decision-making and contributions to quality within our organization.

By living by our values, and by meeting or exceeding customer and stakeholder requirements, our work does more than raise the bar for an entire industry:

We give our customers everywhere the power to make a positive impact on our world.

Together, we are **Powering Positive Change.™**

POWERING POSITIVE CHANGE™

ENVIRONMENTAL HEALTH AND SAFETY POLICY

MAXEON SOLAR TECHNOLOGIES, LTD.

Maxeon Solar Technologies is committed to [Powering Positive Change.™](#) We strive to achieve sustainable growth while conducting business through sound safety, health and environmental practices.

The following commitments set the framework for the EH&S Management System:

- We promote an injury-free and occupational illness-free workplace.
- We protect the environment by preventing pollution from our business operations.
- We fulfill our compliance and legal obligations arising from interested stakeholders in areas where we operate.
- We contribute to the protection of our environment by proactively reducing our carbon footprint, including minimizing the consumption of energy and water resources.
- We develop our products to minimize environmental impact throughout their lifecycle.
- We strive for continual improvement to enhance our EH&S performance.
- We involve the participation and consultation of workers and key stakeholders in the EH&S process.
